the content presented. Each of the Eureka Math Curriculum Study Guides includes narratives that provide educators with an overview of what students should be learning throughout the year, information on alignment to the instructional shifts and the standards, design of curricular components, approaches to differentiated instruction, and descriptions of mathematical models. The Study Guides can serve as either a self-study professional development resource or as the basis for a deep group study of the standards for a particular grade. For teachers who are new to the classroom or the standards, the Study Guides introduce them not only to Eureka Math but also to the content of the grade level in a way they will find manageable and useful. Teachers familiar with the Eureka

'In a society where relativism is the most acclaimed philosophy, it is of utmost importance that Christians believe absolutely that the Bible is the inerrant Word of God.' Erwin Lutzer takes readers on a journey of faith where they are asked some of the most fundamental questions a person could ask. In his readable, yet profound style, Lutzer critically examines proof that will determine supernatural authenticity of the Bible.
