And the Wolf Finally Came - University of Pittsburgh Press

The reasons for this decline, which is unique especially in its speed, were discussed by John P. Hoerr already in 1988 in his book "And the Wolf Finally Came". The best book on this subject I know. In 1965, when the American empire of steel still seemed to be in order, there were 237 blast furnaces at 72 locations.

And the Wolf Finally Came - Steel NerdSteel Nerd

A veteran reporter on American labor, John P. Hoerr analyzes the spectacular and tragic collapse of the steel industry in the 1980s. *And the Wolf Finally Came* demonstrates how an obsolete and adversarial relationship between management and labor made it impossible for the industry to adapt to a rapidly changing global economy.

And the Wolf Finally Came: The Decline of the American ...

And The Wolf Finally Came; Decline In Home Sales, Home Values On FL Coast Began In 2013 If rising seas cause America's coastal housing market to dive - or, as many economists warn, when - the beginning might look a little like what's happening in the tiny town of Bal Harbour, a glittering community on the northernmost tip of Miami Beach.

And The Wolf Finally Came; Decline In Home Sales, Home ...

And the Wolf Finally Came | This book reveals more about steel and some of its management and union personalities than has ever been written. It provides an intimate look at cause and effect in the decline of one of America's great basic industries, and it shows the importance of steel's labor relations experience to the country as a whole.
