Biography: Joe Abercrombie is the author of the First Law Trilogy (The Blade Itself, Before They Are Hanged and Last Argument of Kings). His standalone novels (Best Served Cold, The Heroes and Red Country) are also set in the First Law world.

Revenge. Getting even. Fighting back. Whatever it's called, it's supposed to warrant two graves - or at least, that's how one old saying went - usually, in the case of mere mortal Human beings. In the case of the Human race as a whole, it was less about that and more about survival. Having just survived the Big Nuke twenty years before, a recovering Earth just beginning to reap the rewards of interplanetary colonization was suddenly attacked by an alien race that didn't communicate, didn't negotiate - and seemed absolutely intent on taking the entire solar system for itself. The only option the war-weary people of Earth, Mars and Luna had, was to beat their plough-shares back into swords - and fight back! In the first six months, the best the fledgling Earth Defense Fleet could manage, was to push the savage Gimp back to the asteroid belt. For four long years since then, it was all they could do to maintain the stalemate, with each side waiting for the other to make a fatal mistake. Sooner or later the war would end, one way - or the other. For Alex Nikolls, a pilot fighting in the blackness of space on an almost daily basis, it couldn't come soon enough! For Francis Talon - Commander In Chief of a strike force intended to bring the aliens to their knees, it was the culmination of a journey of self-glorification and ambition leading all the way back to the L.A. mafia and the killing of Marian Mureau's parents. For Marian Mureau, it meant more than just the end of the war - it signified the end of a life-long vendetta!

Collected together for the first time, here are the three hard-hitting standalone novels set in the world of Joe Abercrombie's bestselling FIRST LAW trilogy. BEST SERVED COLD: War may be hell but for Monza Murcatto, the Snake of Talins, the most feared and famous mercenary in Duke Orso's employ, it's a damn good way of making money too. Her victories have made her popular - a shade too popular for her employer's taste. Betrayed, thrown down a mountain and left for dead, Murcatto's reward is a broken body and a burning hunger for vengeance. Whatever the cost, seven men must die. THE HEROES: Over three bloody days of battle, the fate of the North will be decided. But with both sides riddled by intrigues, follies, feuds and petty jealousies, it is unlikely to be the noblest hearts, or even the strongest arms that prevail. Three men. One battle. No Heroes. RED COUNTRY: Shy South hoped to bury her bloody past and ride away smiling, but she'll have to sharpen up some bad old ways to get her family back, and she's not a woman to flinch from what needs doing. She sets off in pursuit off her family's killers with only a pair of oxen and her cowardly old stepfather Lamb for company. But it turns out Lamb's buried a bloody past of his own, and out in the lawless Far Country, the past never stays buried.

The second novel in the wildly popular First Law Trilogy from New York Times bestseller Joe Abercrombie. Superior Glokta has a problem. How do you defend a city surrounded by enemies and riddled with traitors, when your allies can by no means be trusted, and your predecessor vanished without a trace? It's enough to make a torturer want to run -- if he could even walk without a stick. Northmen have spilled over the border of Angland and are spreading fire and death across the frozen country. Crown Prince Ladisla is poised to drive them back and win undying glory. There is only one problem -- he commands the worst-armed, worst-trained, worst-led army in the world. And Bayaz, the First of the Magi, is leading a party of bold adventurers on a perilous mission through the ruins of the past. The most hated woman in the South, the most feared man in the North, and the most selfish boy in the Union make a strange alliance, but a deadly one. They might even stand a chance of saving mankind from the Eaters -- if they didn't hate each other quite so much. Ancient secrets will be uncovered. Bloody battles will be won and lost. Bitter enemies will be forgiven -- but not before they are hanged. confession at a time leaves little room for friendship. His latest trail of corpses may lead him right to the rotten heart of government, if he can stay alive long enough to follow it. Enter the wizard, Bayaz. A bald old man with a terrible temper and a pathetic assistant, he could be the First of the Magi, he could be a spectacular fraud, but whatever he is, he's about to make the lives of Logen, Jezal, and Glokta a whole lot more difficult. Murderous conspiracies rise to the surface, old scores are ready to be settled, and the line between hero and villain is sharp enough to draw blood.
