"Not many living artists would be sufficiently brave or inspired to attempt reflecting in art what Borges constructs in words. But the detailed, evocative etchings by Erik Desmazieres provide a perfect counterpoint to the visionary prose. Like Borges, Desmazieres has created his own universe, his own definition of the meaning, topography and geography of the Library of Babel. Printed together, with the etchings reproduced in fine-line duotone, text and art unite to present an artist's book that belongs in the circle of Borges's sacrosanct Crimson Hexagon - "books smaller than natural books, books omnipotent, illustrated, and magical."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. "Welcome to Black Spring, the seemingly picturesque Hudson Valley town haunted by the Black Rock Witch, a seventeenth-century woman whose eyes and mouth are sewn shut. Muzzled, she walks the streets and enters homes at will. She stands next to children's beds for nights on end. Everybody knows that her eyes may never be opened or the consequences will be too terrible to bear. The elders of Black Spring

have virtually quarantined the town by using high-tech surveillance to prevent their curse from spreading. Frustrated by being kept in lockdown, the town's teenagers, decide to break their strict regulations and go viral with the haunting. But, in so doing, they send the town spiraling into dark, medieval practices of the distant past."--Front dust jacket flap.

New York Times Bestseller Erin Sterling casts a delightful spell with a spine-tingling romance full of wishes, witches, and hexes gone wrong. "A delightful and witty take on witchy mayhem." — Popsugar Nine years ago, Vivienne Jones nursed her broken heart like any young witch would: vodka, weepy music, bubble baths...and a curse on the horrible boyfriend. Sure, Vivi knows she shouldn't use her magic this way, but with only an "orchard hayride" scented candle on hand, she isn't worried it will cause him anything more than a bad hair day or two. That is until Rhys Penhallow, descendent of the town's ancestors, breaker of hearts, and annoyingly just as gorgeous as he always was, returns to Graves Glen, Georgia. What should be a quick trip to recharge the town's ley lines and make an appearance at the annual fall festival turns disastrously wrong. With one calamity after another striking Rhys, Vivi realizes her silly little Ex Hex may not have been so harmless after all. Suddenly, Graves Glen is under attack from murderous wind-up toys, a pissed off ghost, and a talking cat with some interesting things to say. Vivi and Rhys have to ignore their off the charts chemistry to work together to save the town and find a way to break the break-up curse before it's too late.

One of Vanity Fair's 21 Best Books of 2020 (So Far) A Vulture, LitHub, and PureWow Most Anticipated Book of 2020 "As precise as any scientific observation and far more tantalizing." --Vogue "A sophisticated, surprising take on the campus novel (with a welcome dose of witchery). Knight's writing feels a little wild and charged, as if you're constantly on the edge of discovering something new with her." --Goop "Hex is some dark and joyous witchery." --Lauren Groff, author of Florida "A beautiful, spooky spell." --Jenny Slate, actress and author of Little Weirds A breathtaking and hypnotic novel about poison, antidotes, and obsessive love Nell Barber, an expelled PhD candidate in biological science, is exploring the fine line between poison and antidote, working alone to set a speed record for the detoxification of poisonous plants. Her mentor, Dr. Joan Kallas, is the hero of Nell's heart. Nell frequently finds herself standing in the doorway to Joan's office despite herself, mesmerized by Joan's elegance, success, and spiritual force. Surrounded by Nell's ex, her best friend, her best friend's boyfriend, and Joan's buffoonish husband, the two scientists are tangled together at the center of a web of illicit relationships, grudges, and obsessions. All six are burdened by desire and ambition, and as they collide on the university campus, their attractions set in motion a domino effect of affairs and heartbreak. Meanwhile, Nell slowly fills her empty apartment with poisonous plants to study, and she begins to keep a series of notebooks, all dedicated to Joan. She logs her research and how she spends her days, but the notebooks ultimately become a painstaking map of

and obsession as one man confronts nature—and something even more ancient and evil answers back. “A compulsive page-turner mixing supernatural survival horror and adventure.” —Paul Tremblay, author of *A Head Full of Ghosts* and *The Pallbearers' Club* Nature is calling—but they shouldn't have answered. Travel journalist and mountaineer Nick Grevers awakes from a coma to find that his climbing buddy, Augustin, is missing and presumed dead. Nick's own injuries are as extensive as they are horrifying. His face wrapped in bandages and unable to speak, Nick claims amnesia—but he remembers everything. He remembers how he and Augustin were mysteriously drawn to the Maudit, a remote and scarcely documented peak in the Swiss Alps. He remembers how the slopes of Maudit were eerily quiet, and how, when they entered its valley, they got the ominous sense that they were not alone. He remembers: something was waiting for them... But it isn't just the memory of the accident that haunts Nick. Something has awakened inside of him, something that endangers the lives of everyone around him... It's one thing to lose your life. It's another to lose your soul. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Sophie Mercer thought she was a witch. That was the whole reason she was sent to Hex Hall, a reform school for delinquent Prodigium (aka witches, shapeshifters, and fairies). But that was before she discovered the family secret, and that her hot crush, Archer Cross, is an agent for The Eye, a group bent on wiping Prodigium off the face of the earth.

The Craft for the #MeToo era, this debut unfolds a riveting psychological drama shot through with sharp humor and dark magic for readers of Ninth House and The Power. When Lee, a first year at Smith, is raped under eerie circumstances during orientation week by an Amherst frat boy, she's quickly disillusioned by her lack of recourse. As her trauma boils within her, Lee is selected for an exclusive seminar on Gender, Power, and Witchcraft, where she meets Luna (an alluring Brooklyn hipster), Gabi (who has a laundry list of phobias), and Charlotte (a waifish, chill international student). Granted a charter for a coven and suddenly in possession of real magic, the four girls are tasked by their aloof Professor with covertly retrieving a grimoire that an Amherst fraternity has gotten their hands on. But when the witches realize the frat brothers are using magic to commit and cover up sexual assault all over Northampton, their exploits escalate into vigilante justice. As Lee's thirst for revenge on her rapist grows, things spiral out of control, pitting witch against witch as they must wrestle with how far one is willing to go to heal. Consensual Hex is both a gripping page-turner and a sensitive portrait of a young woman coming of age, uncovering the ways in which love and obsession and looking to fit in can go hand in hand. Lee, an outstanding, magical anti-heroine, refuses to be pigeonholed as a model victim or a horrific example. Instead, her caustic voice demands our attention, clawing out from every page, equally vicious and vulnerable as she lures us, then dares us, to transgress. Dark, biting, and archly camp, Consensual Hex announces Harlowe as a significant talent.

"Vex, Hex, Smash, Smooch is more than just a writing handbook; it's a key to unlocking every writer's innate creativity by offering countless paths to verbal expressiveness." —San Francisco Chronicle

Great sentences pivot on great verbs. In *Vex, Hex, Smash, Smooch*, Constance Hale, best-selling author of *Sin and Syntax*, zeroes in on verbs that make bad writing sour and good writing sing. Each chapter in *Vex, Hex, Smash, Smooch* features four sections: "Vex" tackles tough syntax, "Hex" debunks myths about verbs, "Smash" warns of bad writing habits, and "Smooch" showcases exemplary writing. A veteran journalist and writing teacher, Hale peppers her advice with pop-culture references and adapts her expertise for writers of every level. With examples ranging from the tangled clauses of Henry James and the piercing insight of Joan Didion to the punchy gerunds of the Coen brothers and the passive verbs of CEOs on trial, *Vex, Hex, Smash, Smooch* offers a reenergized take on the "little despot of the sentence."
