Ishmael: An Adventure of the Mind and Spirit (Audio ...

Daniel Quinn's philosophical novel Ishmael: An Adventure of the Mind and Spirit opens with the narrator reading the newspaper and finding himself both disgruntled and intrigued by a personal advertisement. The ad indicates that a teacher is looking for a student interested in saving the world. For most of the narrator's early life, he had searched for such a teacher, and he's angry that only now is one looking for him.

One thing was obvious: Ishmael had some friends I didn't know about--perhaps former pupils. The only way I could think of to reach them was the way he had probably reached them--through an ad in the personals: FRIENDS OF ISHMAEL: Another friend has lost contact. Please call and tell me where he is.

Ishmael: An Adventure of the Mind and Spirit (Daniel Quinn ...

Ishmael is a 1992 philosophical novel by Daniel Quinn. The novel examines the hidden cultural biases driving modern civilization and explores themes of ethics, sustainability, and global catastrophe. Largely framed as a Socratic conversation between two characters, Ishmael aims to expose that several widely accepted assumptions of modern society, such as human supremacy, are actually cultural myths that produce catastrophic consequences for humankind and the environment. The novel was awarded th

Ishmael: An Adventure of the Mind and Spirit by Daniel ...

Ishmael is a philosophical novel written by David Quinn and published in 1992. It follows the conversations between an unnamed protagonist (who responds to a classified advertisement seeking students) and Ishmael, a telepathic gorilla. Through a version of Socratic dialogue, Ishmael reveals to the narrator a worldview wherein the advent of agriculture thousands of years earlier began a division in human thinking between those who believe that humans belong to the world and those who believe ...

Amazon.com: Ishmael: An Adventure of the Mind and Spirit ...

? Daniel Quinn, quote from Ishmael: An Adventure of the Mind and Spirit "It's the idea that people living close to nature tend to be noble. It's seeing all those sunsets that does it. You can't watch a sunset and then go off and set fire to your neighbor's tepee.

One of the most beloved and bestselling novels of spiritual adventure ever published, Ishmael has earned a passionate following. This special twenty-fifth anniversary edition features a new foreword and afterword by the author. "A thoughtful, fearlessly low-key novel about the role of our species on the planet . . . laid out for us with an originality and a clarity that few would deny."--The New York Times Book Review Teacher Seeks Pupil. Must have an earnest desire to save the world. Apply in person. It was just a three-line ad in the personals section, but it launched the adventure of a lifetime. So begins an utterly unique and captivating novel. It is the story of a man who embarks on a highly provocative intellectual adventure with a gorilla--a journey of the mind and spirit that changes forever the way he sees the world and humankind's place in it. In Ishmael, which received the Turner Tomorrow Fellowship for the best work of fiction offering positive solutions to global problems, Daniel Quinn parses humanity's origins and its relationship with nature, in search of an answer to this challenging question: How can we save the world from ourselves? Explore Daniel Quinn's spiritual Ishmael trilogy: ISHMAEL • MY ISHMAEL • THE STORY OF B Praise for Ishmael "As suspenseful, inventive, and socially urgent as any fiction or nonfiction you are likely to read this or any other year."--The Austin Chronicle "Before we're halfway through this slim book . . . we're in [Daniel Quinn's] grip, we want Ishmael to teach us how to save the planet from ourselves. We want to change our lives."--The Washington Post "Arthur Koestler, in an essay in which he wondered whether mankind would go the way of the dinosaur, formulated what he called the Dinosaur's Prayer: 'Lord, a little more time!' Ishmael does its bit to answer that prayer and may just possibly have bought us all a little more time."--Los Angeles Times

From the author of the critically acclaimed, award-winning bestseller Ishmael and its sequel, My Ishmael, comes a powerful novel with one of the most profound spiritual testaments of our time "A compelling 'humantale' that will unglue, stun, shock, and rearrange everything you've learned and assume about Western civilization and our future."--Paul Hawken, author of The Ecology of Commerce Father Jared Osborne has received an extraordinary assignment from his superiors: Investigate an itinerant preacher stirring up deep trouble in central Europe. His followers call him B, but his enemies say he's something else: the Antichrist. However, the man Osborne tracks across a landscape of bars, cabarets, and seedy meeting halls is no blasphemous monster--though an earlier era would undoubtedly have rushed him to the burning stake. For B claims to be enunciating a gospel written not on any stone or parchment but in our very genes, opening up a spiritual direction for humanity that would have been unimaginable to any of the prophets or saviors of traditional religion. Pressed by his superiors for a judgement, Osborne is driven to penetrate B's inner circle, where he soon finds himself an anguished collaborator in the dismantling of his own religious foundations. More than a masterful novel of adventure and suspense, The Story of B is a rich source of compelling ideas from an author who challenges us to rethink our most cherished beliefs. Explore Daniel Quinn's spiritual Ishmael trilogy: ISHMAEL • MY ISHMAEL • THE STORY OF B

In Beyond Civilization, Daniel Quinn thinks the unthinkable. We all know there's no one right way to build a bicycle, no one right way to design an automobile, no one right way to make a pair of shoes, but we're convinced that there must be only one right way to live -- and the one we have is it, no matter what. Beyond Civilization makes practical sense of the vision of Daniel Quinn's best-selling novel Ishmael. Examining ancient civilizations such as the Maya and the Olmec, as well as modern-day microcosms of alternative living like circus societies, Quinn guides us on a quest for a new model for society, one that is forward-thinking and encourages diversity instead of suppressing it. Beyond Civilization is not about a "New World Order" but a "New Personal World Order" that would allow people to assert control over their own destiny and grant them the freedom to create their own way of life right now -- not in some distant utopian future.

Oakland is a blues city, brawling and husky . . . Often overshadowed by San Francisco, its twinkling sister city across the Bay, Oakland is itself an American wonder. The city is surrounded by and filled with natural beauty--mountains and hills and lakes and a bay--and architecture that mirrors its history as a Spanish mission, Gold Rush outpost, and home of the West's most devious robber barons. It's also a city of artists and blue-collar workers, the birthplace of the Black Panthers, neighbor to Berkeley, and home to a vibrant and volatile stew of immigrants and refugees. In Blues City, Ishmael Reed, one of our most brilliant essayists, takes us on a tour of Oakland, exploring its fascinating history, its beautiful hills and waterfronts, and its odd cultural juxtapositions. He takes us into a year in the life of this amazing city, to black cowboy parades and Indian powwows, to Black Panther reunions and Gay Pride concerts, to a Japanese jazz club where a Lakota musician plays Coltrane's "Naima." Reed provides a fascinating tour of an un-tamed, unruly western outpost set against the backdrop of political intrigues, ethnic rivalries, and a gentrification-obsessed mayor, opening our eyes not only to a singular city, but to a newly emerging America.

Providence is Quinn's fascinating memoir of his life-long spiritual voyage. His journey takes him from a childhood dream in Omaha setting him on a search for fulfillment, to his time as a postulant in the Trappist order under the guidance of eminent theologian Thomas Merton. Later, his quest took him through the deep self-discovery of psychoanalysis, through a failed marriage during the turbulent and exciting 60s, to finding fulfillment with his wife Rennie and a career as a writer. In Providence Quinn also details his rejection of organized religion and his personal rediscovery of what he says is humankind's first and only universal religion, the theology that forms the basis for Ishmael. Providence is an insightful book that address issues of education, psychology, religion, science, marriage, and self-understanding, and will give insight to anyone who has ever struggled to forge and enact a personal spirituality.

The U.S.S. Enterprise™ is on a peaceful mission at Starbase 12 when a bizarre cosmic phenomenon causes a Klingon ship to suddenly vanish—with Spock aboard for the ride. Spock's last message from the Klingon ship is cryptic and frightening. The Klingons are traveling into the past, searching for the one man who holds the key to the future. If they can kill that man, the course of history will be changed—and the Federation will be destroyed!

Ever since the publication of Ishmael in 1992, readers have yearned for a glimpse into a dimension of spiritual revelation the author only hinted at in that and later books. Now at long last they have it in seven profound but delightfully simple tales that illuminate the world in which humans became humans. This is a world seen through animist eyes: as friendly to human life as it was to the life of gazelles, lions, lizards, mosquitos, jellyfish, and seals – not a world in which humans lived like trespassers who must conquer and subdue an alien territory. It's a world in which humans have a place in the community of life – not as rulers but as equals – with the paths of all held together in the hand of god.This is not an ancient world or a lost world. It exists as surely today as it ever did – for those who have eyes to see it. Tales of Adam, delightfully illustrated by Michael McCurdy, is a book that will come to be shelved alongside The Prophet, Jonathan Livingston Seagull, and The Alchemist.

Ishmael Reed's parody of slave narratives—the classical literature of the African American tradition—which redefined the neo-slave genre and launched a lucrative academic industry Some parodies are as necessary as the books they answer. Such is the case with Flight to Canada, Ishmael Reed's scathing, offbeat response to conventional anti-slavery novels such as Uncle Tom's Cabin. Though Flight to Canada has been classified by some as a "post race" novel, the villains and the heroes are clear. Three slaves are on the run from the Swille plantation. Among them, the most hotly pursued is Raven Quickskill, a poet who seeks freedom in Canada, and ultimately hopes to return and liberate others. But this particular Civil War-era landscape is littered with modern elements, from Xerox copiers to airplanes, and freely reimagines historic figures as sacred as Abraham Lincoln. A comedy flashing with insight, Flight to Canada poses serious questions about history and the complex ways that race relations in America are shaped by the past. This ebook features an illustrated biography of Ishmael Reed including rare images of the author.
